

BU355

HTM71 compliant base unit

Description

The Medspace BU355 is designed to comply with the NHS HTM 71 Health Technical Memorandum - Materials Management Modular Storage.

Each cabinet is fitted with our universal HTM71 liners that allow the half-size 100mm and 200mm deep HTM71 modular trays to be fitted and arrested at an angle. The trays can be used from any half-size HTM71 compliant unit to another.

The BU355 base unit 'open fronted' with no doors as standard. We offer the following door options:

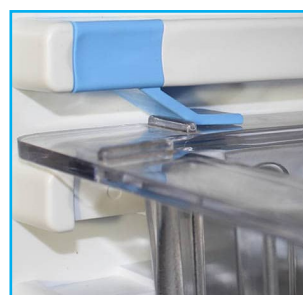

- **Standard solid (-D)** - The most popular door option. 18mm MFC ABS edged lockable door fitted with 270° hinges. With 200mm steel D-handle and cam lock.
- **Laminate solid (-L)** - 18mm MDF laminate faced ABS edged lockable door fitted with 270° hinges. With 200mm steel D-handle and cam lock. Many colours available upon request.
- **Plastic (-PCD)** - Lockable transparent acrylic door with 270° hinges. With 200mm steel D-handle and cam lock.
- **Roller shutter (-RS)** - A lockable, molded channel, tambour door. Easy operation, smooth and safe.
